SMALL IS TOPS!

Top prize for the smallest dog in the show at the County Fair's dog show last weekend went to this 11-year-old Chihuahua, 'Topocho Pacho', held here by her loving and absolutely thrilled

young mistress, Lynn Mc Cartell of Toronto. A rush of some 70 entries made this year's Dog Show the best ever. For more on Dog Show entries see page 11.

The Haliburton Highlands Chamber of Commerce

Everybody is talking about the Haliburton County Fair. There is no doubt that there was considerable apprehension among many people about this year's fair considering the number of problems that obviously had to be overcome following last year's performance. Each and every one of the people who worked on this year's fair have very just reason to be extremely proud of the job they have done. It should be extremely gratifying to them to have provided such a well-run spectacle in the face of the negative attitudes. With the renewed credibility of the County Fair that has been established this year there is no doubt in our minds that next year's fair will set all kinds of new records for participation and attendance. One of the main reasons for this success story aside from the hard work put forth by the various individuals involved, is the determination of these people to make this truly a County Fair. This move has certainly met with some resistance and we applaud their determination. We have often said that while the various communities in this County may put on very worthwhile endeavours, if the whole County were to get behind any given event it would really put us on the map. From what we have just seen, and with additional support from throughout the County this fair is destined to do just that. Let's all make it a date next year.

There is understandably some rivalry between many of the communities in Haliburton but there are only certain places where that rivalry should be apparent. Camp Kandalor is providing just such a place next Sunday, August 21. Beginning at 1 p.m., they are holding an open house and 'Backwoods Pioneer Day' complete with teams competing in woodmanship and canoe races in two 36-foot Montreal freighter canoes. The Kanawa Canoe Museum featuring over 300 canoes of various sizes and vintage and the heritage trail buildings will all be open to the public at no charge. A backwoods day is intended to reconstruct some of the friendly competition that was held between neighbouring lumber camps, and it has been suggested that possibly teams from Haliburton, Minden, West Guilford and Stanhope may like to work off some of their rivalry in this friendly manner. Anyone planning to put together a team is asked to please contact Mr. Brown in advance at 489-2419. If you are not planning to compete just come out and watch the fun, and view what is becoming one of Haliburton's major tourist attractions. Parking space may be at a premium, and they do suggest you come early and put as many people in each vehicle as possible.

At our last director's meeting of the Chamber some considerable discussion took place in regard to the future of the Haliburton Tartan. Existing inventory of the Tartan has become very low and it takes about 6 months to obtain any new stock. The Tartan must be ordered in a minimum quantity of 3 bolts which represents about a \$2,000 investment for the Chamber and unfortunately we do not have this type capital available to tie up. The board decided we would have to have firm commitments from people wishing to purchase Tartan to cover at least 1/3 of our purchase, or one full bolt of material before we could place an order. We would appreciate hearing from anyone in this regard as to your future requirements, and any idea that you may have on how we may ensure a constant supply of this Tartan without creating any financial difficulty for the Chamber.

Auction sales are being arranged this week at opposite ends of the County for two of our older establishments. Kingscote Lodge on Kingscote Lake is being liquidated since its owner Mr. Eli passed away just over a month ago. Since the lodge lies just within the boundaries of Algonquin Park it is anticipated that the property will be purchased by the park. South Lake Lodge near Minden is also arranging for an Auction Sale early in September. Following the Auction Sale this property will be subdivided and sold as individual lots. The Freemans have operated this lodge for quite a number of years and have made many good friends in the Minden area, but now find it uneconomical to operate at its present size and too big an investment to update it to what are considered today's standards.

Elephant Lake Lodge has been sold and the new owners are Bill and Sandy Smith. We sincerely welcome them to our business community and feel confident they will continue to provide the high degree of hospitality that this lodge became known for under the ownership of Bernie Waterton. We understand Bernie is staying in the area and going into Real Estate and we wish him all the best. We also hear the fish are biting better than ever in Elephant Lake this year.

COMING EVENTS

August 21 - Camp Kandalor Open House and 'Backwoods Pioneer Day'
September 3, 4 - Kilmount Fair

NO BULL!

Principal.

Boy, 5, dies in dash across highway

A five year-old Minden boy was struck by a car and killed as he ran to greet his sister on Highway 121 last Friday morning.

Kent Dwayne Stromberg was the youngest child of Mr. and Mrs. Ernest Stromberg, he was pronounced dead on arrival at Ross Memorial Hospital, Lindsay.

Youngest of ten children, Kent was standing on the east shoulder of Highway 121 near Denna Road watching as repairs were made to a soft drink truck.

According to police the repairs had been completed and as the truck started off

the youngster spotted his sister Jaina, 13, across the road and ran towards her into the path of a south-bound car.

Driver, James E. Howe, 35, of Scarborough told police he had no chance to take any evasive action to avoid the child, his car ending up in the west ditch after striking the boy.

Lindsay coroner Dr. R. K. Hollows said Tuesday that he had not decided as yet whether or not to hold an inquest into the little boy's death.

Investigation by Provincial Constable Mike Legge.

Teenagers hold off cops with rocks

A group of six young teenagers, all but one of them girls successfully held Ontario Provincial Police officers and Brownvale officials at bay for more than 30 minutes last Wednesday in a rock and stick-throwing rampage at Barry's Line near West Gullford.

The six juveniles, all 13 to 15 years of age, are from a Brownvale-native born in Thunder Bay and are staying at a Brownvale camp in West Gullford area, when the seige broke out. According to police the sextet were discovered leaving the camp and when confronted by Brownvale officials, took up battle formation and began to hurl rocks and sticks at the counsellors.

Minden O.P.P. officers, responded to Brownvale's call for help, and, upon arriving, were quickly subjected to the same treatment. The windshield of Provincial Constable Al Hibby's black and white cruiser was pelted and smashed by rocks as he drove up. They P.C. Ron Buchanan and Al Barnes received several dents from the flying debris

as they too attempted to subdue their young assailants. After being held at bay for some 30 minutes, the officers, reinforced by Brownvale staff totalling some 12 persons, rushed the rowdies and overcame them.

The six had to be handcuffed and taken to Peterborough Family Court later that day. Appearing before Judge M.C. Maloney, the case was remanded until August 18.

Judge Maloney decided to split up the sextet and ordered three of them to be held at the Belleville Juvenile Home and the other three returned to the Brownvale Camp.

In all, some \$375 damage was done to the four vehicles.

The two O.P.P. cruisers received \$225 damage while a 1973 Mercedes owned by John Younger of R.R. 1 Victoria Harbour sustained a broken windshield valued at \$150 and a 1972 three-quarter ton pick-up leased by Brownvale received some \$200 damage.

Investigation by Provincial Constable Al Hibby.

Minden councilor seeks additional road paving

Anson, Hinton and Minden Councilor Al Coneybeare presented a brief to Council at their regular meeting last week in which he requested that a motion be passed to pave certain Minden town roads.

Councilor Coneybeare asked that the following streets be paved and included in the 1978 roads budget: North Water Street, a distance of 2,000 feet north of Lauric Cabins; Chandos Street, Anson Street; St. Germaine St., Parkside Crescent and the Arena Road.

As it stands now, all the pavement torn up for the construction of the sanitary sewer system will be repaved by the construction companies at no cost to the municipality.

However, streets which were unpaved and subsequently torn up, will be restored to

their original condition, only.

Clerk - Administrator Richard Parisotto noted that there has been little or no construction of town roads in the last five years.

Council directed Mr. Parisotto to prepare cost estimates so that they could consider implementing Mr. Coneybeare's suggestion.

Darlene Danilko, 17, is the daughter of Don and Nola Danilko of Minden. A student at Haliburton Highlands Secondary School, Darlene is an accomplished athlete and member of Minden's women's baseball team. She also enjoys water skiing, horseback riding and snow skiing.

Editorially

Landmark Effort

The County Fair came of age last weekend.

For the first time in its history the Fair achieved true depth and balance and all done with flair, verve and style.

It's been a long time, for example, since this county has witnessed a better parade, and this just a scant two weeks or less after two Rotary carnivals with their traditionally superior parades.

Or take the participation in the various contests and displays. The dog show alone boasted an astounding 70 entries instead of the anticipated 15 to astound and please officials, judges and spectators alike, to say nothing of the dogs' reaction.

The midway, the entertainment, you name it. It was outstanding.

And of course, great credit must go to the Minden Agricultural Society's Directors and in particular its' hard working, persevering and dedicated all female executive Loretta and Jeanette Nesbitt, Yvonne Beaucage, Helen Johnson and Bev Connelly did what has usually been for the most part men's jobs and did them better than they've been done before.

Congratulations ladies, the 113th Fair was a landmark effort.

95th

A 95th birthday is most certainly a time for congratulations.

Particularly so, when the celebrating is being done by a Haliburton County business establishment.

We refer, of course, to the Haliburton County Echo which this week completed its' 95th year of publication.

Originally known as the Minden Echo, and Haliburton Recorder, it achieved its' Haliburton Village locale and name following its' purchase by Bertier and Cerigton Feir along with Walter Noice in 1951.

This week has to be a high point in the long history of the Echo and we extend to the paper, its publisher and staff our heartfelt congratulations.

Report from Parliament

by

William Scott M.P.

Parliament has finally recessed for the Summer, after being delayed through July and into August with a backlog of legislation, and to allow for two days of debate on the proposed routes for an Arctic gas and oil pipeline. Several weeks of the last session were spent in debate on the controversial gun-control legislation, a debate that actually started more than three years ago. The gun-control bill was passed by Parliament in July, a much revised and amended version of the original bill. The final version is generally acceptable to the parties in the House, and to the majority of Canadians, most of whom are now convinced that some form of gun control is inevitable.

Considering the number of bills that the government introduced during the past session, there was not very much in the way of people-oriented legislation that actually came up for debate. Most of the bills passed by the House were what we call 'house-keeping' measures, and I would have liked to see more in the way of corrective legislation to deal with such matters as unemployment, inflation, and the widening deficits in Canada's tourism and foreign trade balances.

Another bill that received a lot of attention in the closing days of the session was one that contained a number of measures to tighten up our immigration laws. This bill gives greater authority to immigration officers at border points to make on-the-spot decisions as to whether certain people are to be allowed to enter Canada. In the future, for instance, known trouble-makers and people of uncertain documentation can be turned back at our borders by immigration officers without the need to refer to their superiors in Ottawa.

One bill that passed easily in the House was one that amended the Small Business Loan Act. The bill raised the limit of guaranteed loans for a small business from \$50,000 to \$75,000, and also raises the ceiling on annual income to qualify as a small business. A business that earns 1.5 million dollars a year now qualifies as a small business. The previous ceiling was one million dollars.

In my speech on this Bill I applauded the new proposals, but I pointed out that most banks do not like to lend money under the Small Business Loan Act because they are required to charge a lower rate of interest on these loans than they could get for conventional loans. Although these loans are guaranteed by the federal government, banks cannot be forced to make the loans. I suggested that there should be a federal fund established that could make direct loans to small business at an attractive rate of interest.

Small businesses are the most important single segment of the national economy, employing more than 50 per cent of all people employed in Canada. More than 90 per cent of all businesses in Canada employ 100 people or less, and we should have a more comprehensive policy of support and assistance for small businesses. This would include a reduction in the filing of forms and other paperwork required of small businesses, and a better system of taxing profits and other proceeds.

We passed a government bill that extends the period of insurable employment required to earn entitlement to Unemployment Insurance benefits. Under the old law, a person had to work for eight weeks in insurable employment to qualify for UIC benefits. This period has been extended to from ten to fourteen weeks, depending on where you live.

In some regions of high unemployment, and where most jobs are of a seasonal nature, the period is ten weeks. In other areas, of higher employment, and where jobs are of a more stable and lasting nature, the period has been extended to fourteen weeks.

The House was once again called back in to emergency session on Tuesday, August 9th to deal with the Air Traffic Controllers' strike. Following full consideration of the issue, 'back to work' legislation was passed in the early hours of the morning. The Bill cleared the Senate at 4:00 a.m. on August 10th in order to get the planes back in the air.

Report from Queen's Park

John Eakins, M.P.P.

The Ontario Government has released an information package on the contamination of fish in Ontario waters. Signs are to be posted at public access points where some species of fish are known to be contaminated. Where there are problems, only specific species of fish are still safe to eat - some in limited quantities only. However, others should be avoided.

Members of the public are urged to check their catch, to identify species, to measure length of fish, and to check charts for the respective lake or waterway to make sure of the amount of such fish safe for human consumption over a specific period. Anyone fishing, on and off, for more than three days during the year, and eating their catch, should consider themselves a long-term consumer, according to charts or information given concerning the waterway.

Children under 15 and women of child-bearing age should eat only those fish designated as totally safe, and it should be remembered that a meal is considered equivalent to 230 grams or 8 oz. Fish should not be taken home for freezing and eating, unless it is from the totally safe category.

Information also on waters in which you plan to fish can be obtained from regional and district offices of the Ministries of the Environment and Natural Resources, or by writing to the Ministry of the Environment, Information Services Branch, 135 St. Clair Avenue West, Toronto, Ontario, M4B 1P5.

Fish in many parts of the world have been affected by natural and industrial contamination and as an industrialized province, Ontario has not escaped this problem. Metal mercury is the most widely found toxic pollutant, although man-made materials such as DDT, mirex and polychlorinated biphenyls (PCB) have also been found in fish in dangerous amounts. Apart from industrial pollution, fish can only be contaminated by mercury naturally occurring as mineral deposits in the bedrock.

The Government's information package on this problem points out that since contaminants were first discovered in fish in the 1960s, governments have developed extensive monitoring programmes to detect contamination, and have used their powers to restrict the manufacture or use of the offending substances.

There were six Chlor-alkali plants using mercury in Ontario in 1970. They were ordered to curtail mercury

losses. All compiled and contamination dropped from several pounds per day to only a few ounces. Today, only two plants use mercury and their losses to waterways are extremely low. One of the two plants is to close this year.

Use of mercurial pesticides by pulp and paper mills was stopped in 1970.

In mining, mercury was in widespread use to separate gold and silver from the ore, in the early twentieth century. It is still used in some gold mines, but in a controlled manner. However, some mercury is still being found in disposal areas from gold, silver and copper mines.

Controls have been placed on disposal of sewage sludge from sewage treatment plants, because a mercury build-up can occur if used as a soil conditioner for a long period of time. Small quantities of mercury may be contained in sewage treatment plant effluents and discharged to the watercourse.

Since 1972, the sole North American manufacturer has voluntarily restricted sales of PCB to uses in electrical transformers and other sealed containers. Waste PCB are disposed of by methods which prevent contamination. Current PCB contamination arises from unrestricted handling of the materials during the decades prior to their being recognized as a health hazard.

Mirex was discovered in fish and sediments of Lake Ontario in 1975. The U.S. manufacturer has stopped discharges of mirex to Lake Ontario, although minor contamination may still occur from drainage systems saturated with mirex in the past. Not much mirex has been found in water, sediments or fish near the two Ontario plants which used mirex until 1970 to make plastic parts and sealants.

Use of the pesticide DDT has been restricted since 1970. Its presence is still detectable in fish in those areas of Ontario where large amounts were applied. The concentration of DDT in the environment has been declining since its use was stopped.

Not all lakes in Ontario are included in the Government's monitoring programme, nor have all species of fish been covered. It is the intention to expand this information in the future by including data from the International Joint Commission Upper Great Lakes Reference Programme, Environment Canada Fisheries and Marine Service inspection programmes, ongoing Ontario monitoring programmes and from other agencies.

Close to 600 jam Scott barbecue

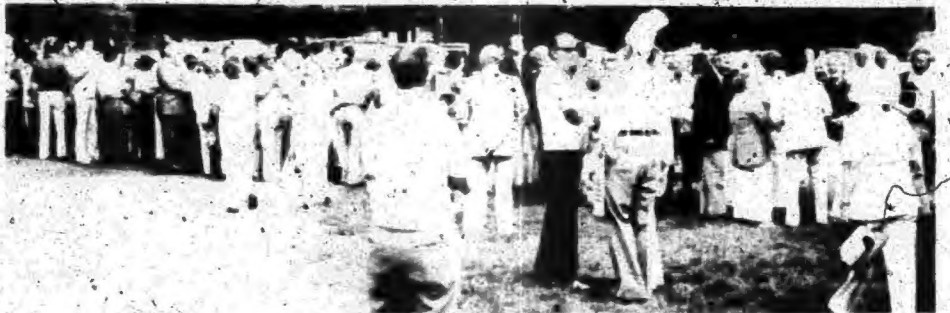

photo by Teete

Close to 600 men, women and children from the riding of Victoria - Haliburton jammed the Kinross Fairgrounds last Saturday evening to demonstrate their support and affection for Bill Scott, M.P., then meet the P.C.'s personable national leader, Joe Clarke and his wife Maureen, of course, and enjoy a delicious beans and barbecued beef dinner. The occasion was Mr. Scott's annual beef barbecue and the fairground's exhibit hall was packed to the doors when Mr. Clarke handshook and chatted his way to the rostrum where he climbed up onto a bench to speak to the crowd.

In taking the Trudeau government to task on two fronts - Canadian unity and the Canadian economy, Clarke told the group that 'after ten years of Pierre Trudeau our country is more divided than ever before in our history.'

He called on the PC's to lead Canada in developing new goals and in making any constitutional changes needed to attain them. Mr. Clarke promised that under his government there would be no special status for any province, with all treated alike. He called on his party to return to Canadians 'that sense of promise and potential they once knew'. In the photos above, clockwise starting top-left, are seen Mr. Clarke and his wife, Maureen, as they chat

with Bill Scott; Mr. Clarke in a press of well-wishers following his speech; the line-up of hungry Tories and others as they file in to dinner; two hungry young Lindsay lads, Teddy Hill, 10 and his brother Doug, 8, as

they whet their appetites with a peek at the barbecuing roasts; and Monty Robson of Lindsay who acted as both chef and master of ceremonies as he gives his home-made beans a stir with his home-made (wouldn't you know it!) paddle.

Back a fighter.

Easter Seals help crippled children.

Hall's Lake News

Doreen Stinson

Pleasant days continue without intense heat and some rain to keep things safe from fires. Perhaps swimmers like warmer weather but for working people it is just about right. Many cottagers are taking little jaunts around seeing the sights and visiting stores in adjoining towns. A lot of people are making use of the local lending library and even our own little stock gets a good going over by avid readers.

Some of you have already purchased your 50-50 tickets and the DRAW for this event takes place on August 27th.

At the Stanhope Baseball Park at 7:00 p.m. the Stanhope Recreation Committee has arranged a softball game between the Carnarvon Ladies and the Stanhope Volunteer Firemen. The program has been arranged to start at 7:00 so try to be on hand! The Carnarvon Ladies Softball team is becoming quite famous for their action and this should be a great evening!

Congratulations to the new Grandparents in this community. Carolyn and Dale MacDonald, and Jean and Louie Penick! Both have nice new grand-daughters to show off and be proud of....

It is good to report that Stanhope Township has received a cheque in the amount of \$31,493.75 from WINTARIO as a final payment of the Grant approved for the Stanhope Library.

The little lady who gave me the poem last week to have in this column was quite disturbed to find that a part of it was eliminated and would like to see it in its entirety,

namely: I KNOW SOMETHING
Wouldn't this old world be better,
if the folks we meet would say:
'I know something good about you!
---and then treat us just that way!
Wouldn't things here be more pleasant
if the good that's in us all,
Were the only thing about us,
That folks bothered to recall!
Wouldn't life be lots more happy
if we'd praise the good we see!
For there's such a lot of goodness
In the worst of you and me.

Author Unknown.

Mr. and Mrs. Percy Tomlinson and Mrs. Peggy Anderson called on us Sunday morning from Hamilton, en route to a cottage on Wolfe Lake above Dorset.

Miss Kitty Arnott and the Misses Pearl and Olive Creaser will be spending two weeks at Thistlebrae Cottage from Hamilton. They are anticipating company from London and North Bay during their holiday.

Everyone is complaining about finding mice in their cottages this Summer. Must be an omen of some kind! Maybe another long hard Winter....

On the way home from doing some banking business in Minden on Mondays or Tuesdays I usually stop in at the Chatterbox at Hart Lodge. They have young school girls working there and one can order delicious hamburgers, charcoal broiled, with all the trimmings, french fries and desert and take them out on the patio overlooking the Falls if it is a nice day, or if one is more comfortable inside there is a pleasant dining room. Just a half-hour spent away from the usual routine refreshes one greatly and that is such a convenient spot right on the side of the highway at Mountain Lake.

Stopped by to say Hello to the young family of Penicks who have a little Coffee Shop at Sun Valley on the Highway too. They are struggling to make their place look pleasant and homey and have the grounds looking very nice.

Just talked with a cottager who owns a lovely big cottage with five or six bedrooms. Right now he has so many guests he finds himself sleeping on a couch in the living room with wall-to-wall children scampering about him early each morning, and guests who like to sit up half the night! Is this your fate? We had an elderly lady up for breakfasts in the morning who said 'It's MY cottage but I can no longer stand the confusion of too many guests---grandchildren and friends!'

The Rev. Lloyd Clifton, Mrs. Clifton, daughters Janet and Beth-Anne have been holidaying at their cottage here on the Lake. They are from Mount Forest. Beth-Anne is Deaconess at Central Presbyterian Church in Hamilton.

The 26th Hamilton Boy Scout Camp is a lively place this

Minden driver faces 4 charges

A Minden man faces four driving-related charges following a collision last Saturday afternoon.

Peter Stribling, 37, was one of four drivers charged following four separate accidents last week.

According to police Mr. Stribling was east-bound on City Road 2 in Lutterworth Township when his car went out of control, struck a rock and rolled over in the north ditch.

He suffered minor injuries. Police say they have charged Mr. Stribling with operating an unsafe vehicle, impaired driving, failing to provide a breath sample and careless driving.

Investigating officer, Provincial Constable Mike Maher, estimated damage to Stribling's 1967 car at some \$1,200.

Meanwhile, a two-vehicle accident last Friday afternoon on Highway 503, just east of Kinnikinnick, has resulted in charges against a Bancroft motorist.

Police report that Alfred Madill, 39, of Haliburton was eastbound and had slowed down for a flagman at a highway construction site. After passing the first flagman he stopped his car for a second flagman when his vehicle was rammed in the rear end by a following truck.

Charged with following too closely is Gary S. Hawley, 29, of Bancroft. Hawley's 1969 pick-up sustained some \$250 damage as did Madill's 1973 station wagon.

Investigation by Provincial Constable Weldon Popp.

A 4 a.m. accident last Thursday caused some \$3000 damage to a 1973 stake truck driven by Ronald G. Stewart, 37, of Axilox.

The single vehicle accident on Highway 121 at the junction with Highway 648 occurred in a dense fog as the north-bound truck travelled through the intersection and struck some rocks in the north ditch.

Stewart received minimal injuries while his passengers were unharmed.

Investigating officer, Provincial Constable Mike Legge, has charged Stewart with failing to ensure passengers wear seatbelts.

In a late evening accident last Thursday, a young Ashburn woman received minimal injuries after her car crashed on the Omondaga Camp Road.

According to police Lynne

M. Searle, 25, of R. R. 1 Ashburn, was southbound when she failed to negotiate a curve and her car entered the west ditch, struck a rock and turned onto it's side. Miss Searle's 1969 convertible sustained some \$900 damage.

She has been charged with failing to report an accident forthwith and also failing to wear a seatbelt by investigating officer, Provincial Constable Jim Martin.

Keeping houseplants insect free

Houseplants summering outdoors should be checked for insects before they are returned to the house, says R. A. Fleming, Ontario Ministry of Agriculture and Food horticulturist.

'Houseplants living outdoors during the summer are often exposed to unusual insect pests. Insects may cause problems when plants are brought indoors.'

The most common insect pests are greenhouse whiteflies and aphids.

Aphids appear as tiny specks on plant leaves, while greenhouse whiteflies look like a snowflake cloud around plants.

'Both insects make plants look generally poor by sucking plant juices.'

Prevent insect problems by spraying with malathion, diazinon or cygon about three weeks before moving house-

plants indoors.

Because the green-house whitefly's life cycle is short, Mr. Fleming says spraying should be repeated every four to five days.

Spraying also controls aphids and greenhouse whiteflies affecting outdoor plants such as squash, tomatoes, peppers, zinnias, and petunias.

Thieves loot marine store

Police are seeking thieves who made off with close to \$650 worth of marine merchandise from Minden Marine and Automotive sometime last Wednesday evening or early Thursday morning. Stolen was a large quantity of Mercury jackets, water skis, a ski rope, propeller and small change valued at some \$643.

The break-in and theft was discovered Thursday morning as employees reported

for work. Police believe the thieves broke in through a rear door, then smashed an inside window to get to another section of the building.

Investigation by Provincial Constable Roy Telford.

Nice to have a Sunday evening visit to Lumina Lodge up near Huntsville where our friends, the Yorks from Hamilton are spending two weeks vacation. A delightful smorgasbord supper was enjoyed by over 200 people. A walk around the pathways viewing the many attractive cottages, viewing the boats on the Lake of Bays and seeing whole families enjoying life in a lovely setting makes one realize what summers in the vacation land really means. How fortunate we are to live in such a peaceful land of plenty when there is so much strife in so many areas of the world!

Monday morning, cool but beautifully bright. Many cottagers have finished their holidays but others are still arriving.

Denna drum still missing

The 'Dangerous' drum drama continued last weekend, following the discovery 2 weeks ago of a drum in Denna Lake labelled 'dangerous' and purportedly the property of the Department of Environment.

Spotted by a swimmer two weeks ago, the drum could not be found when investigators from the Ontario Ministry of the Environment checked the lake late last week.

Two Denna Lake cottagers with scuba diving equipment scoured the lake bottom last weekend but could not

find a trace of the mysterious drum.

Arthur Nye of the Wagon Wheel Motel, which fronts the lake, donned fins and snorkel to search for the drum but he, too, came up empty-handed.

Ministry officials doubted if it contained anything at all but say that if it did, it was most likely some sort of instrumentation rather than dangerous chemicals.

Denna Lake cottagers are not so sure, though, and the search will continue this week.

Rotary-Kinsmen events planned for Thanksgiving

Summer visitors and year-round residents alike, are asked to remember the Rotary Oktoberfest and Kinsmen Demolition Derby to be held this coming Thanksgiving weekend, Saturday, October 8th in Minden.

The afternoon will feature a beer garden in the Minden Arena and a demolition derby adjacent to the Arena grounds while the evening will be highlighted with a dance and bar in the Arena. Held last year, under adverse weather conditions, the two service clubs are

hoping for large crowds and good weather this time around. The proceeds to go to the community work and charitable causes.

Local help for Cobalt relief

The fire-ravaged town of Cobalt will get a boost towards their building fund following a Rotary Club of Minden announcement last week.

Minden Rotary will donate \$150 to the Cobalt relief fund set up to help those left homeless by the disastrous fire last Spring which wiped out half of the town. Cobalt will also receive an additional \$100 from the municipality of Galway, and Cavendish after the motion was presented and passed at the township's regular meeting two weeks ago.

OF LIFE!

dinner.

Altogether we thought everyone had a good time and perhaps a visit with some one they hadn't seen for a long time, and the weather was just right. The Executive are to be congratulated for organizing and operating a successful Fair.

Hint of the week--When you are travelling carry a book of short stories or puzzles with you if you have to wait for people or transportation.

The CNE starts this week so we may notice the crowds dropping off, but with good weather on weekends there is still lots of traffic. Cheerio until next time.

About the Town

with Jeanne Sears

There was a spot at the Fair for 'Animals in Distress' and here 11 dogs and 9 cats were placed and they also took in 10 cats. Donations towards support of the shelter was \$10. At 1 p.m. Sunday, August 21st, there will be a meeting at the home of Don and Mae Weir on the north side of Cranberry Lake, to form an association to carry on the A.I.D. Everyone is welcome to come and give their support to this worthy cause.

The Kinsmen-Kinsmen Clubs are planning a Flea Market for C.F. Child and asking everyone to set aside articles for this, and date is September 17th. For pick-up please call 286-1428 or 286-2526.

Winner of the merchandise at M.J.'s Factory Outlet last week was Lee Barries.

Harry S. Turman said this 'The only things worth learning are the things you learn AFTER you know it all.'

Guests one day last week with Mrs. L. Dawson included Mrs. Hazel Smith and Mr. and Mrs. Don Smith of Lincoln Park, Michigan.

Glen Warburton-Jr. of Lindsay has been doing well with his fiddle; on August 12 he took first at Peterborough Fair for group 16 and under and August 13, at Warsaw Fair took 2nd in under 18 and in the Open Class took 3rd. Congratulations to him.

Sincere sympathy goes to the families and friends of the late Ross Little and Kent Stomberg who passed away since last week.

Mr. and Mrs. Alvin (Abbie) Taylor and family of Stroud visited relatives in the village over the weekend.

Sunday guest with Bradley Robinson was a friend Greg McPeake of Gravenhurst.

Lucky winner of the 50-50 draw by the Curling Club over the weekend was Marie Cox, congratulation to her as she received \$197.50 on this.

John Gibson, of Cannington, Ern Voysey of Cambridge and Mr. and Mrs. Bill Burkiss of Beaverton were in town for the Ern Hewitt funeral.

Mr. C.F. Smith of Detroit, Michigan is visiting his sister Mrs. Lorne Dawson for a while.

Miss Sandra Sears of Barrie is visiting her parents Mr. and Mrs. M. Sears for her holidays.

Bill Bennett had as guests the past week, his daughter Mrs. Harry Piment and 8 grandchildren, from Grand Falls Newfoundland, and Mr. and Mrs. Pierre Labbe of Granby Quebec and Mr. Jerry Samfano of London, Ontario.

Saturday a large crowd of people was in our village for the County Fair, on a beautiful day. The Parade was one of the best so far, with many floats, groups and horses and we must mention the covered wagon drawn by oxen. In this were the Officials, M.P. Bill Scott, M.P.P. John Eakins, Warden Bob Vick, and Reeve Reg Booth. The first lady president of this organization, Loretta Nesbitt, welcomed the guests and visitors and hoped everyone would have a good time. There was music by the Leahy group and amateurs most of the time. During the afternoon, Joe Clark, leader of Progressive Conservative Party and his wife Maureen of Ottawa, arrived and he said a few words. The Heavy Horse Show was excellent and there were a large number of entries in this category. We spent a good deal of time watching the riding horse and there were some grand horses and ponies there.

This year, too, there were sheep, swine, and cattle and exhibits from the 4-H Club and the cattle barn was full and a display of goats, as well. For the first time, Ross Warburton, President of Livestock Association, had a showing of his Charolais cattle, perhaps more will be in this class next year. The Recreation Centre was busy as people rode over on the train to see the Arts and Crafts or perhaps visit the Beer Garden downstairs. The Main Building was full of exhibits of handwork, baking, fruit, vegetables and flowers and no need to worry about future exhibits as the Junior division was sure great. Sunday there was more entertainments and a large crowd was back again. At that time there was a good Dog Show followed by Horse Drawing.

Both afternoons the Robertson Midway was busy with youngsters enjoying themselves. The Fair Board Barbeque was busy with many having a good beef barbeque.

Minden roads go metric next month

All road and highway signs in Anson, Hinton and Minden will be converted to the metric system by the end of September. Council announced last week.

The conversion will be carried out in accordance with a directive from the provincial government's Ministry of Transportation and Communications requesting all municipalities to convert their road signs by the 30th

of September, 1977, at the latest.

Council also passed a motion requesting that MTC pay 100 per cent of the costs of the conversion after Reeve Reg Booth pointed out that he was 'not in favour of the taxpayers paying for the new signs'. It is estimated that it will cost up to \$2,500 to convert the municipality to the metric system.

SENIOR CITIZEN APARTMENTS

- If you are sixty years of age or over
- If your present accommodation is inadequate
- If your income is modest

THIS
IS OF INTEREST TO YOU!!

The Ontario Ministry of Housing has been asked by your municipal council to determine the need for new senior citizen housing in this area. If there is a need, rent-geared-to-income accommodation will be developed by the Ontario Housing Corporation at the request of your municipal council. Questionnaires are being distributed to senior citizens as part of a survey to determine the interest

in this type of housing.

ONLY BY COMPLETING A QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER THERE IS A DEMAND FOR RENT-GEARED-TO-INCOME ACCOMMODATION FOR SENIOR CITIZENS.

If you are 60 years of age or more, and have not received a questionnaire, you may receive a form and further information from:

COUNTY FAIR PARADE

photos by

Without a doubt, this year's County Fair parade was one of the best parades ever held in the County and, perhaps, the best small town parade in Ontario. Filled with clowns, marching bands, beautiful girls, many floats and numerous animals, the parade was over a mile long as it stretched from Minden's I.G.A. store right to the Fairgrounds. And the thousands of on-lookers echoed the excitement of the parade committee. The accompanying photos show just some of the many parade highlights. Shown on this page and beginning with the top right photo and continuing in a clockwise manner: the prize winning entry, Bill Burridge. Driven by Charlie Kent of Minden this team included three generations of horses: mother, daughter and 'little

grand daughter, 'Dawn'; the Provisional County of Haliburton's entry with Warden Bob Vick seen standing; the Township of Lutterworth's prize-winning entry loaded with Indian and songsters; Haliburton County's senior auctioneer and former Minden Reeve, Lawrence Pritchard; Seen on the opposite page top photo, and continuing clockwise are: some of the many clowns that added colour and fun to the parade; top horse and rider in the parade, Paul Lake of Oshawa; commercial entry of North Shore Lawn and Garden Equipment; Stanhope's float, one of the many fine township floats in the parade; and one of the best marching bands Haliburton County has ever seen or heard, the Kawartha Cavaliers.

cliff burke

JUST THE BEST EVER!

Presentations highlight County Fair

Two special presentations highlighted the County Fair last weekend in Minden. Left: John Eakin, Victoria - Haliburton M.P.P., presents a Ontario Agricultural Society Service Award

to Bill Dugan of Minden for his 25 years of dedicated work as a member of the Minden Agricultural Society. Also receiving an award was Mrs. Beatrice Taylor of Minden, Victoria - Hal-

burton M.P. Bill Scott presents Mrs. Taylor, right, with a silver tray donated by the Canadian Imperial Bank of Commerce for the most points accrued in needle work. Mrs. Taylor re-

ceived 48 points for her various needlework entries - head and shoulders above her closest rivals. She is a perennial winner in this class at the County Fair.

Super fair thrills visitors

They trooped to Minden by the thousands last weekend and the happy revellers had a ball as the Village hosted the 113th annual Haliburton County Fair.

This year's edition was, in fact, the best County Fair ever held and the happy throng jamming the Fairgrounds both Saturday and Sunday was an apt testimonial to the hard-working County Fair committee. Highlights of the County Fair included an exceptional par-

ade, easily the best in memory, that featured many floats, animal entries and lots of marching bands; a lighthouse show that had almost 40 entries to triple last year's show; both heavy and light horse drawing competitions marked by a large number of keen competitors; exhibits and displays which filled the Curling Club and the Community Centre as well as a large area of the Fairground; a jam-packed grandstand of fair-goers who

heartily applauded the excellent amateur contest and the multi-talented entertainment provided by the Leahy family of Lakeside, as well as a dog show that exceeded the organizers' wildest expectations.

Other crowd-pleasers included an exciting baseball tournament won by the Haliburton team; the ever-popular beer garden; a dance and bar Saturday night with music by the Misty River Ramblers that jammed the arena; and

the biggest midway in the Fair's history.

Without a doubt the 1977 Haliburton County Fair will be long remembered as an exciting event that drew the most contestants, as well as the biggest crowds, in recent history.

It should also provide a standard by which other fairs and carnivals can be judged and has undoubtedly promoted Haliburton County more than any other single event this year.

NOTICE FIRE PROTECTION MINDEN FIRE DEPARTMENT

The Minden Fire Department has recently experienced difficulty responding to fires which were located in areas serviced by private roads. The main problems would appear to be caused by narrow roads and also overhanging trees and brush.

The Municipal Council requests that all private roads or driveways be brushed to a minimum of twelve (12) feet in width and height to ensure efficient fire department response.

This measure is introduced to help protect your property and your co-operation will be appreciated.

WHITE PINE CONES WANTED! \$10.90-Bushel

The Ministry of Natural Resources urgently requires white pine cones from the Minden - Haliburton - Kilmont - Gooderham area for its reforestation programme.

This seed is required prior to September 15th and will be purchased at the Minden and Gooderham offices provided that a contract has been obtained prior to delivery. The price being offered is \$30.00/hectolitre (\$10.50/bushel) of ripe cones.

Students, cottagers, youth groups and permanent residents: consider this your chance to aid our reforestation programme and earn some extra cash at the same time.

For further details contact the Minden office at 286-1521 or the Gooderham office at 447-2151.

Exhibits...a County Fair mainstay

photos by Cliff Burke

Last week's Haliburton County Fair held in Minden seemed to have something for everyone. These photos touch on just some of the attractions. Starting top right and proceeding in a clock-

wise manner: Probably Kevin Barnhart's biggest thrill was getting a close look at these three goat kids owned and entered by Sheila Stevenson of Minden; the Hal-

burton Guild of Fine Arts had their usual excellent and colourful display on hand; floral competition judge Pat Campbell of Minden is seen looking over some of the entries with Mrs. Mabe Hewitt of Minden; and Orlin

akin of Peterborough, proprietor of Junkin's Rocks & Curios, is seen displaying his various articles of cut jewellery, cut glass, bones and petrified wood.

Motorcyclists

from around world gather at Norland

More than 300 motorcyclists from all over the world are gathered this week at Shadow Lake, just outside Norland and what has brought them together is their mutual love for the Vincent Motorcycle. Once advertised as the world's fastest standard machine, the Vincent was first

manufactured in the early 1930's with production ceasing in 1935. All attending the special get-together are either Vincent owners or their passengers with some 120 of them alone hailing from the British Isles. All are members of the Vincent Owners Motorcycle Club

with a 2,000 world-wide membership. Only problem experienced by the visitors so far occurred with one plane-load from Manchester caught in the recent air controllers strike. Landing in Buffalo, they were based the rest of the way. However, their cycles had to be trans-

shipped from Buffalo and eventually arrived in Norland by way of Rome, Amsterdam and Toronto. Hosting the session is the Ontario Branch of the Vincent Club. Above, Mr. and Mrs. Len Matthews of Clacton-on-Sea, Essex, chat with Minden C.P.P. Constable Wim

MINDEN KINSMEN-KINETTES C-F FLEAMARKET

ONLY YOU CAN GIVE THE GIFT OF LIFE!

MARKET REPORT

Stocks & Feeders: Large supply of feeder steers, Good 700 to 800 pound steer brought 41 to 44, sales to 44.10. Medium steers 36 to 40 600 to 700 pound steers from 40 to 44. Light steer calves still in short supply selling from 41 to 45.

Feeder heifers: 500 to 600 lb. 33 to 38, with some good heifer calves up to 43. We have an excellent market for good steers and heifers every Wednesday.

Dairy Cows: Good dairy cows selling for \$400 to \$500, with a high sale of \$630. Medium cows \$300 to

\$400. First calf heifers \$350 to \$450 depending on size and quality.

Beef Cows: Many cow calf pairs selling for \$250 to \$350. Beef Springers \$250 to \$325 once again dependent on quality.

Butcher Heifers: Selling from 34 to 38 with sales to 38 1/2. Heifers cows selling from 28 to 33.

Butcher Cows: Slightly lower as per market trend, but selling on an active trade - good cows 25 to 26 1/2.

Medium cows 24 to 25.

Common cows 20 to 23.

Veal: Good veal 40 to 50, with sales to 53. Medium

veal 35 to 40. Plain calves from 25 to 35 per pd. **Bob Calves:** Good beef crosses calves selling from \$35 to \$43 with sales to \$56. Holstein calves from \$20 to \$40, and plain calves from \$10 to \$20.

Pigs: Another large pig sale with most weaner pigs selling from \$23 to \$35. Feeder chunks for \$35 to \$45 with one lot at \$55. Sows sold from \$150 to \$180, and boars from \$80 to \$150.

WE HAVE several stocker and feeder sales planned for the fall in addition to our regular Wednesday night sale. If you have cattle to

sell this fall, and would like a visit to the farm call Steve Liptay at the Sale Barn residence, 745-0260, or Ollan Condon, 652-3712 (Lak-Field). We would be pleased to discuss your selling, and/or buying livestock needs.

The flight speed of the wild turkey has been estimated at close to 50 miles per hour.

WANTED
Lakefront wooded lot with year round access. Private.
Will pay cash.
P.O. Box 100, Pine Grove, Ont. L0J 1J0

A 50-foot long humpback whale was found to have in its stomach 2,000 pounds of sardines plus an assortment of other small fish and shellfish.
